

Chapter 9 – spoke about the preparations of robe of the High Priest. Just like what is being done today in Israel – they are preparing the robe of the High Priest – the Messiah (this only means that Christ is returning soon).

- v. 30 – “Holiness of the Lord” it means that everything that God does is holiness and therefore we ought to approach Him in holiness.

Application: the church building and everything in there are sanctified for God’s use. The Pastor is also sanctified (set apart) – justified – made righteous. When the Pastor quits, he is actually rebelling against God. When the Pastor sins, it is of a greater impact.

- Worship God in the beauty of His holiness. This is acceptable to God.
- The Robe of the High Priest was the last thing made. Moises mediates bet. God’s people and God Himself.
- Mt. Horeb – the mountain of God. This where God talks with Moses.
- Moses is a picture of Jesus Christ.
- Believers Priest – intercessory prayers.
- After all the work, Moses inspected the work and on v. 43 – Moses blessed them.

Application: Just do the commandments of God and we will be closed. If we follow authority, we shall be blessed.

Chapter 40 – The tabernacle was set up one year after the Exodus from Egypt (v.2). and 9 months after Israel’s arrival in Sinai, that the Tabernacle was set up.
